

FAQ Guide for Committee Meetings

- 1. How does ordering work?** Items for this fundraiser are pre-ordered so you are never at risk for not selling any items. We have three order structures – Standard, Hybrid & Virtual. Ordering may be done by catalogue and paper order forms, online shopping site or both. All orders are pre-paid by your participants at time of submission or paid online, we deliver exactly what each participant ordered and paid for. Nothing comes bulk so you will never be stuck extra products you can't sell.
- 2. How much do the catalogues cost?** NOTHING! We send all your catalogues in seller packages free of charge. A seller package comes already sorted in a carry home bag with your organization letter and seller materials. We do all the prep work for you. The letter includes your dates and payment options!
- 3. How long does delivery take?** Delivery time is usually 3-4 from order submission date. Online orders that have chosen the ship to home method get shipped in the order they are placed- this can sometimes be quite quick or roughly the same timeframe as organization delivery.
- 4. Do we have to sort and bag the orders when they arrive?** NO, we sort and label your orders per seller, per team/classroom. This creates a very easy delivery day!

- 6. What dates are available?** We have set guidelines which provide a date to submit orders that have corresponding delivery times. We can accommodate most dates if we have enough time to process orders and ship to your area. We use UPS, Canada Post and other third-party transit companies so deliveries are not able to be scheduled for exact dates and times. You will receive your tracking information when your orders are ready to leave our facility.
- 7. How long do we run our sale for?** The average sell time for most groups would be about 3 weeks. You are welcome to pick your own custom selling dates. Some good factors to keep in mind would be holidays, pay periods, and other fundraising events. It is often successful to run fundraising over a holiday as often families and friends have gatherings in which safe selling can be effective!
